VYF 2015

VISEGRAD YOUTH FORUM 2015

Euro-Atlantic Center is organising 4th year of international project Visegrad Youth Forum which brings together young leaders from Visegrad Group countries. Considering the actual situation, we have decided to focus on Ukraine and other Eastern Partnership Countries.

Visegrad Youth Forum 2015 consists of two stages. The participants from V4 countries and Ukraine will start with online e – learning that will help them prepare for the conference by studying important materials and familiarising with the situation and evolution of the conflict. The conference itself it is the second part of the project. It will take place during the first week of December in Banská Bystrica, Slovakia, a town that lies in the middle of Slovak republic.

The conference consists of three panel discussions, several workshops and a simulation. Panel discussions will focus on future cooperation between Eastern Partnership countries and V4, security challenges of V4 and planned V4 Battlegroup.

The goal of this project is to build a platform which will support open and informal discussion about latest topics. Our aim is to find new leaders of politics, security studies, journalism and law who will be able to work on international forum in the future.
